

PERSONAL MACHINE SUPPORT POLICY

1. OCF will not load software, configure, or repair hardware on personally owned devices or non-standard machines. **Personal or non-standard machines should not be connected to the WUSM wired or wireless network.** The exception to this will be areas where non-standard equipment is necessary for the use of clinical or research related apparatus as dictated by the vendor.
2. Support for personally owned machines should be referred to an appropriate hardware support vendor such as CompUSA, Best Buy, etc...
